2. A copy of the postcard receipt indicating that the signed Declaration and Power of Attorney form was filed on the application filing date with the specification, the application filing date being August 21, 2003; and
3. A copy of the Notice to File Missing Parts, filing date granted, dated November 14, 2003 (Form PTO-1533).

Applicant respectfully submits that a Declaration and Power of Attorney form in compliance with 37 C.F.R. § 1.63 was properly submitted on the filing date of the present application with the specification. Thus, the Notice of Missing Parts has been incorrectly issued.

The enclosed copy of the signed Declaration and Power of Attorney form includes the identification requirements needed for a declaration submitted with a specification on the filing date of the application, these requirements being set forth in 37 C.F.R. § 1.63 and in M.P.E.P. § 602. For example, the copy of the signed Declaration includes the name of the inventors and a reference to the attached specification, which was attached to the Declaration. Evidence that the Declaration was attached to the specification is found in the copy of the postcard receipt indicating that the signed Declaration was submitted with the specification.

The copy of the signed Declaration also includes the name of the inventors as well as the attorney docket number and title of the invention. The attorney docket number and title of the invention were both included in the attached specification. For example, the attorney docket number is found on the cover sheet for the specification, and title of the invention is found on the cover sheet and the first page of the specification.

For the reasons presented above, applicant submits that the signed Declaration and Power of Attorney form was properly filed on the filing date of the present application with the specification in compliance with 37 C.F.R. § 1.63. Accordingly, applicant respectfully submits that the Notice of Missing Parts has been incorrectly issued and requests that it be withdrawn. Acknowledgement that the Notice of Missing Parts has been withdrawn is also respectfully

requested. In the alternative, applicant respectfully requests acknowledgement that that the parts of the present application identified as missing, were, in fact, properly filed with the specification on the application filing date so that the file is now currently complete and ready for examination.

While the applicant does not believe that any surcharge or other fee is required because the Notice of Missing Parts was erroneously issued, the Commissioner is nevertheless hereby authorized to charge any surcharge for late filing of Declaration required under 37 C.F.R. § 1.16(e) to deposit account no. 50-0558. The Commissioner is also authorized to charge any other deficiency in the indicated fees or credit any overpayment to deposit account no. 50-0558.

Respectfully submitted,

By Michael W. Haas
